A MESSAGE FROM THE CAMP DIRECTOR

Dear Scouters, Parents, and Adult Leaders,

Welcome to Camp Frontier at Pioneer Scout Reservation! We're thrilled to have you join us for what promises to be an unforgettable summer. Whether it's a Scout's first time at camp or their final season before aging out, our goal is to provide meaningful experiences, new challenges, and lasting memories.

This year, we invite everyone—Scouts and Leaders alike—to embrace the spirit of Servant Leadership. One of my favorite pledges from the Summit Bechtel Reserve reads:

"I do hereby promise, on my honor as a Scout, that I will be a servant leader, primus inter pares, first among equals. Helping individuals grow and succeed for the good of all. As the sundial measures the passage of time, so will my service be measured over time by my impact on others."

Throughout the week, Scouts will have opportunities to build skills in areas like handicrafts, marksmanship, first aid, and outdoor cooking. Our waterfront is packed with adventure—from canoeing and paddleboarding to motorboating and the legendary BLOB launch into Lake Spieker!

For those looking to explore nature, our Ecology team offers guided hikes and hands-on learning about birds, insects, reptiles, and amphibians. Whether you're earning merit badges or simply enjoying the outdoors, Camp Frontier is a place to grow in leadership, teamwork, and respect.

Together, we'll create a safe and supportive environment where Scouts can thrive. Thank you for being part of this journey.

Let's make this summer one to remember!

Yours in Servant Leadership,

A handwritten signature in black ink, appearing to read 'Jeff Smarkel'.

CAMP RULES

SCOUT OATH AND LAW

For adults who choose to use any of the products listed above, we request that you do not use these products in front of Scouts and away from buildings and tents. **SMOKING IN ANY BUILDING OR TENT OR WITHIN 50 FEET OF THE DOOR OF ONE OF THESE STRUCTURES IS PROHIBITED BY LAW.**

CLOSED AREAS

Program areas are off-limits when closed. Campers should not enter other Troop areas unless invited. Staff areas are off-limits to Leaders and Scouts except for emergencies.

ARCHERY AND FIREARMS

Scouts and Leaders may not bring personal bows or firearms. Camp Frontier is privately owned and does not permit concealed carry weapons on the property.

CHECK-IN AND CHECK-OUT

Everyone (Scouts, Leaders, staff, and visitors) who enter or leave camp during the week **MUST** check in and out of camp at Loftus Lodge. Every Scout and Leader at camp **MUST** wear the supplied camp wristband when in camp. Replacements can be acquired at the Business Office.

BICYCLES

Scouts and adults may **NOT** bring personal bikes to camp. If a bicycle is needed for mobility assistance, please refer to our vehicle policy on page 28 for more information.

SWIM CHECKS

No one may use the aquatics areas (lake or pool) until they furnish a current health form and pass a Scouting America swim check. If a unit chooses, it may conduct swim checks prior to coming to summer camp by following the procedures detailed in the [Unit Swim Classification Record and Instructions](#).

NO PETS

No pets are permitted on the property at any time. This includes picking up/dropping off Scouts. Please remind your parents to leave their pets at home.

FIREWOOD

Due to the threat of invasive species and insects, units are prohibited from bringing their own firewood to camp. There is adequate downed wood at camp to provide for many campfires. Units will have to cut and split their own firewood. Chainsaws are not permitted. Standing trees are not permitted to be cut down. A charge will be imposed for cutting down standing timber.

PIONEERING POLES

Units may bring their own pioneering poles for use if the bark is removed before being transported to camp. A limited number of pioneering poles are available for checkout in the COSA area and must be returned to the COSA area at the end of the week.

CAMP DRONE POLICY

We request that during summer camp, drones are used at a minimum or not at all. If you still choose to bring a drone, you are required to meet these guidelines and notify the Business office of the owner and possible operators. Review and be familiar with the information at <http://knowbeforeyoufly.org/> so you can fly responsibly. The organization provides these recommendations:

- Fly no higher than 400 feet and remain below any surrounding obstacles when possible.
- Keep your sUAS in eyesight at all times and use an observer to assist if needed.
- Do not intentionally fly over unprotected persons or moving vehicles and remain at least 25 feet away from individuals and vulnerable property.
- Ensure the operating environment is safe and that the operator is competent and proficient in the operation of the sUAS.
- Do not conduct surveillance or photograph persons in areas where there is an expectation of privacy without the individual's permission. Specifically, near the pool showers.
- Any infractions of the above rules may result in loss of flying privileges. Anyone breaking the last point above will be turned over to the local sheriff's office.

PROHIBITED IN CAMP

The following are prohibited on camp property: fireworks and explosives of any kind, sheath knives (carried on your person, this does not include kitchen knives), pets, personal firearms or ammunition, alcoholic beverages, illegal drugs, water balloon launchers, and slingshots.

DISCIPLINE

The discipline of Scouts lies with the Scoutmaster or adult Leader in charge at camp. The staff will work with the Leaders to resolve any problems that might arise. Chronic problems should be reported to the Camp Director. Under no circumstances will a Scout be deprived of food, isolated, or subjected to corporal punishment, or physical exercise as a means of discipline. Troop Leaders are accountable for the actions of their Scouts at all times. A Troop must have at least two adult Leaders 21 years of age or older during their entire stay at camp. Special arrangements can be made for two Troops to share Leadership. Issues during instructional sessions will be reported to the Scoutmaster for discipline.

SAFEGUARDING YOUTH

ALL LEADERS MUST HAVE A SAFEGUARDING YOUTH TRAINING CERTIFICATION WITHIN THE LAST 24 MONTHS.

TWO-DEEP LEADERSHIP

Two registered adult leaders 21+ years of age are required at all Scouting activities. There must be a registered female adult leader 21+ years of age in every unit serving females. A registered female adult leader 21+ years of age must be present for any activity involving female youth. Notwithstanding the minimum leader requirements, age, and program-appropriate supervision must always be provided.

ONE-ON-ONE CONTACT

This should not occur between a youth member and an adult; all counseling should be done in plain sight and with the knowledge of at least one additional adult.

CHILD ABUSE RECOGNITION

Leaders are encouraged to refer to the Scouting America website for information on protecting Scouts by being aware of common signs of child abuse. <http://www.Scouting.org/HealthandSafety/GSS/gss01.aspx>

REPORTING AT CAMP

Anyone noticing anything questionable should report it immediately to the Camp Director.

HAZING/BULLYING

Initiation or hazing in any form is not permitted.

SHOWERS

At the pool, there are separate shower facilities for youth (under 18) and adults (over 18); if an adult must enter the youth shower due to an emergency, do so with another adult. The four other shower houses in camp have private stalls for all to use. **THE CAMP LEADERSHIP ASKS THAT YOU ALWAYS SEND ADULT SUPERVISION WITH YOUR TROOP WHEN THEY ARE USING THE SHOWER HOUSES TO MONITOR BEHAVIOR AND PREVENT HARASSMENT AND BULLYING BETWEEN YOUTH.**

TENTING

Separate tenting arrangements must be provided for male and female adults as well as for male and female youth. Youth who plan to share tents must be no more than two years apart in age. In a Scouts BSA unit, youth and adults tent separately (including parent/child relationships). Spouses may share tents.

DIGITAL IMAGING

Taking pictures and videos is **NOT** allowed in shower houses, pool showers, restrooms, etc. Any equipment being used in this manner will be confiscated and reported to law enforcement.

CAMP PROGRAM

TROOP PROGRAM PLANNING

VARIETY OF ACTIVITIES

Since each Troop's program will be different, the needs and interests will be different. There are four general patterns within the Troop's program while at camp.

- Activities in which all members of the Troop take part.
- Activities that are best carried out by Patrol.
- Informal activities that are most suited for a few Scouts to do together.
- Special interests a Scout may find on their own.

BALANCED PROGRAM

There should be several major areas of your Troop's program.

- **First** is the individual advancement of the Scouts. A list of the advancement opportunities available at camp is provided in this guide.
- **Second**, there are many non-Merit Badge program opportunities offered by the camp.
- **Third**, if your Troop would like to undertake some activity not listed on these pages, see the Program Director at camp or email ProgramDirector@PSRweb.org.

The balanced program, the total living experience in camp, must revolve around the Scout and their personal interests with their friends in their Patrol, Troop, and camp community. It must contain advancement and other activities. The daily and weekly schedule in camp is not the program; it is an instrument for planning and administering the program. Each Troop must establish its own identity and gain experience in the building and administration of its own program.

TROOP ACTIVITIES

Troop activities take place Monday through Thursday evenings after flags. SPLs can sign up at the bulletin boards located at Frontier HQ. **SIGN-UPS BEGIN THE MOMENT YOU ARRIVE AT CAMP AND ARE FIRST-COME, FIRST-SERVED, SO CHECK THE SIGN-UP BOARDS SOON.** Alternative choices should be decided in advance. Troop Activities are an exciting opportunity to have fun with your Troop and are also a requirement for the Baden Powell Award. Troop activities are not mandatory; however, we highly recommend that you take advantage of this opportunity to have fun and build Troop spirit.

BEWARE OF OVER SCHEDULING

In planning your Troop's program, beware of **OVER SCHEDULING**. Remember that the camp program must be varied to meet the wide range of requirements of the different Troops coming to camp. Any attempt to participate in all, or even most, of the program features offered, will almost inevitably result in various degrees of frustration and disappointment. Have your Scouts review the merit badge pamphlets they want to do as they prepare for camp. Improper pre-camp preparation can result in unneeded frustration and disappointment.

MERIT BADGES AT CAMP

MERIT BADGE FEES

Some merit badges and activities that require extra materials will have additional fees. Fees will be charged on a unit level and detailed in their invoice. For info on what merit badges and activities have fees and their amounts see pages 46-47.

MERIT BADGE PREREQUISITES

Prerequisites are requirements that cannot be completed at camp due to time constraints, location restraints, or other circumstances. Scouts who do not complete the prerequisites before coming to camp will not complete the Merit Badge at camp. Scouts should read Merit Badge books before coming to camp.

THERE ARE THREE TYPES OF PREREQUISITE CATEGORIES

ACTIVITY PARTICIPATION

This is a requirement that asks the Scout to **ATTEND AN EVENT, ACTIVITY, OR VISIT A LOCATION**. Examples would be participating on a sports team, visit your state capital, or take a year of a foreign language. Either a Scoutmaster or parent can verify these with a signed note and proof of the completed requirement.

ACTIVITY PARTICIPATION WITH ACTION

This is a requirement that asks the Scout to **DO SOMETHING** and then have the counselor **EVALUATE IT**. Examples would be “conduct a home safety audit” or “conduct a home fire drill” or “collect 10 insects and properly identify them” For proving these types of requirements, a note will not do. The Scout should bring with them whatever they needed to do, whether it is a rock collection, a copy of a letter to your congressperson, or a budget for three months. Sometimes items are not easily brought, i.e. fish; in that circumstance, a picture of you with the fish is satisfactory with a note from the parent or Scoutmaster.

PAPERWORK

This is a requirement that asks you to either **WRITE** or **DRAW** something. Examples would be reports for Environmental Science, drawing a home escape plan, or write a 500-word report on a book about mammals. This paper needs to be brought to camp for the Scout to show to the counselor.

A NOTE ON PLAGIARISM

There are several merit badges where the Scouts are required to prepare reports on various topics. Except where the requirements indicate that the paper is to be based on the Scout's own observation and empirical research conducted by the Scout, we anticipate that the Scouts will use published and online resources in the preparation of the reports. The reports which the Scouts prepare frequently are going to approximate the structure and content of the published material. That is permissible. The report is to be in the Scout's own words, thus it is impermissible to simply directly copy material from one or several sources and present that as the report.
